3. FAMILIES

With our flexible price point options, pick the seating area that works best for your family. Due to the high speed of the hockey game, we recommend choosing a seat behind either end where there is protective netting.

If you are attending the game with a child under the age of two, they do not need their own ticket.

Flashing lights and loud music are a part of the in-game experience, but you may want to bring protective earwear for young children.

4. PROMOTIONAL GAMES

Be sure to fit some of the Manitoba Moose promotional games into your schedule! Our 2019-20 promo games include fun themes such as Star Wars and Super Hero Day where fans can get their picture taken with a Storm Trooper or dress up with a real life super-hero!

Other promo games offer fun giveaways or a chance to give back to the community through initiatives like Share the Warmth in support of Siloam Mission and our annual Teddy Bear Toss in support of the Christmas Cheer Board.
